## PERSONAL SKILLS

Experience working with teams.  
Persistent and proactive.  
Ability for self learning.

Good time management.  
Experiencie working on remote projects.  
English intermediate level (and getting better).

## TECH SKILLS

Javascript  
UX Desing  
CSS3  
Firebase

CSS3  
JQuery  
React  
Android

Redux  
SASS  
Gulp

Webpack  
Photoshop  
Node js

## TECH EXPERIENCE

Before Laboratoria I made Landing Page and a E-commerce website on wordpress and prestashop with my own templates.

On Laboratoria I've made a social network, SPA, responsive web design, UX design, etc.

I've learned for myself Android on EDTeam.

I also participate on many hackathon and tech events.

## EDUCATION

Front-end developer (Graduated)

Enviromental Engineer Student (Student)

---

I'm a young woman who wants to keep growing up in tech world. I love read and learn new things about tech and science. In the future I want to create environmental solutions integrating high technologies.
